A long, light-colored trench coat is displayed on a black mannequin stand against a plain, light gray background. The coat has a high collar, a front button placket, and a wide, slightly flared hem. It appears to be made of a heavy, possibly waterproof material like gabardine. The coat is shown from the front, with the left side slightly overlapping the right. A semi-transparent white rectangular box is overlaid on the center of the coat, containing text in blue and dark blue capital letters.
